

## [IMPORTANT]

### About the Documents to Be Submitted via IFF Web

This year, all required documents for the IFF must be submitted through the IFF Web. **Do not skip the submission.**

Depending on your Tent's situation, some documents may not be relevant.

For example, if your Tent is not ordering containers or ice, you are still required to submit the *Container and Ice Order Form* with all sections left blank.

Why do you still need to submit documents that don't apply to your Tent?

If a document is missing, we have no way of knowing whether you simply forgot to submit it or intentionally left it out. This creates confusion and forces the IFF Staff to follow up with each Tent individually, which slows down the entire process. To prevent this, we kindly ask that you submit all documents—even if they are blank.

Blank submissions are enabled on the IFF Web, so you can submit documents even if you don't need to fill anything out.

**Thank you very much for your understanding and cooperation!**
