- ❖ Penalties are deducted from the Deposit Fee. Penalty ranges are in place to provide space for discussion and understanding. Please prepare yourselves and schedule accordingly to avoid missing any Duties.
 - For example, if you are late to Trash Bin Duty: Low penalty ranges will be considered if you arrive about 10 minutes late, and high penalty ranges will be considered if you are extremely late, or late to multiple shifts.
 - As another example, if you missed or ignored Garbage Station Duty: Low penalty ranges are unlikely in this case, because of the importance of its maintenance and the fact that we are forced to contact your tent if you do not show up for your shift. If it happens that a member repeatedly ignores our notices, then high penalty ranges will be strongly considered.
- ❖ On GA#6 (May 19), Rules from the Hokudai-sai Committee were handed out. Here are a few examples of rules to be careful of:
 - It is not permitted under any circumstance to drive inside the campus without a car pass, or outside of the allowed hours.
 - After the festival ends, the littering or abandonment of any trash, junk, or large objects (old fridges, stoves, etc.) is strictly forbidden.
