Introduction

During Hokudai-sai, Tents that wish to use vehicles on the Campus are permitted to do so only within the designated vehicle entry, exit, and driving time periods. In order to use a vehicle, it is required to submit a prior application for the vehicle to be used. Please note that regular car passes or entry for ¥500 will not be accepted. Tents that complete the application within the designated deadline will be provided at GA#7 (held on June 1st), with a Car Pass based on the details of their application. The use of vehicles that have not been applied for may compromise the safety and fairness of Hokudai-sai. If any violation is confirmed, it may result in penalties such as a temporary suspension of business, so please make sure to submit within the designated period.
